EARLY CHILDHOOD EDUCATION SIGNAGE SYSTEM

Designed specifically for Early Childhood Education centres, preschools, day care centres, early learning services and family day care providers, the Sticker Workshop Early Childhood Education Signage System provides a consistent and professional approach to safety, hygiene, organisation and operational signage.

Our colour-coded sign ranges make it easy for staff, visitors and contractors to quickly identify important information, helping to reinforce procedures, improve organisation and support everyday best practices throughout your centre.

From hand washing stations and food preparation areas to laundry rooms, bottle preparation stations, sleep rooms and allergy management systems, our growing range of signs has been developed with the unique needs of Early Childhood Education environments in mind.

All signs are proudly designed and produced in Australia and are available in a range of materials to suit different applications, surfaces and cleaning requirements.

Material Options ' Standard Long Lasting Removable Adhesion

MN – Monomeric Vinyl Easy-Apply Bubble-Free Removable Vinyl	PL – Polymeric Vinyl with Protective Laminate Easy-Apply Bubble-Free Removable Vinyl
Our standard monomeric vinyl is ideal for most indoor Early Childhood Education applications. Printed using waterproof eco-solvent inks, these signs are suitable for long-term indoor use and can be wiped clean with a damp cloth, soap and water. Recommended for: • Doors • Cupboards • Walls • Storage Areas • General Signage Please note: Harsh solvent-based cleaners, alcohol-based sanitisers and abrasive cleaning products may gradually affect the printed surface over time.	Our premium polymeric vinyl includes a protective laminate for maximum durability and cleanability. Designed for demanding Early Childhood Education environments, these signs can withstand frequent cleaning with alcohol-based sanitisers and many commercial cleaning products. Additional benefits: • Whiteboard marker friendly • Permanent marker can be removed with suitable cleaners • Enhanced scratch resistance • Longer service life • Superior print protection Recommended for: • Food Preparation Areas • Bottle Preparation Stations • Nappy Change Areas • Frequently Cleaned Surfaces • High-Traffic Areas

Material Options ' Strong Permanent Adhesion

HT – High Tack Monomeric Vinyl Permanent High-Adhesion Vinyl	HL – High Tack Monomeric Vinyl Permanent High-Adhesion Vinyl with Protective Laminate
Designed for difficult surfaces where standard removable vinyl may not provide sufficient adhesion. Ideal for textured surfaces, powder-coated finishes and other challenging applications. Recommended for: • Textured Surfaces • Powder-Coated Metal • Plastic Storage Units • Difficult-to-Adhere Areas	Combining the superior adhesion of our High Tack material with the added durability of a protective laminate, this option is ideal for heavily used areas requiring both strong adhesion and regular cleaning. Recommended for: • High-Traffic Areas • Frequently Cleaned Surfaces • Challenging Substrates • Long-Term Installations

Need Something More Durable? Our signage can also be supplied as Acrylic, Steel and Aluminium.

Ordering Codes

Code	Material	Ordering Examples
MN	Monomeric Vinyl	• HY-001-MN • HY-001-PL • HY-001-HT • HY-001-HL • HY-001-EA • HY-001-PA • HY-001-SP • HY-001-AP
PL	Polymeric Vinyl + Laminate	
HT	High Tack Monomeric Vinyl	
HL	High Tack Monomeric Vinyl + Laminate	
EA	**Easy-Clean Acrylic -** Ideal for kitchens, bottle prep areas and wet environments.	
PA	**Premium Acrylic -** Perfect for reception areas and entry signage.	
SP	**Indoor/Outdoor Steel Panel -** Strong, durable and easy to clean.	
AP	**Outdoor Aluminium Panel -** Built to withstand sun, rain and everyday outdoor use.	

HYGIENE SERIES

Promote cleanliness, organisation and hygiene awareness throughout your Early Childhood Education centre with clear visual reminders designed to support everyday operational procedures.

Featuring highly visible icons and bold, easy-to-read text, these signs help create consistent systems that reinforce good hygiene practices, support staff training and encourage a safe and well-organised environment for children, families and educators.

The Sticker Workshop Early Childhood Education Hygiene System uses a consistent colour-coded design to create a professional appearance while helping staff quickly identify important information and designated areas throughout the centre.

Features:

- Clear, easy-to-read design
- Helps reinforce hygiene procedures
- Helps reinforce staff training and centre policies
- Durable printed vinyl construction
- Suitable for kitchens, bottle preparation areas, food preparation benches and staff areas

Size: 300mm x 135mm Product Code: HY-001

Hand Wash Only

Help maintain good hygiene practices with the HY-001 Hand Wash Only sign. Featuring a bold icon and easy-to-read text, this sign clearly identifies designated hand-washing facilities and helps prevent sinks from being used for other purposes.

Size: 300mm x 135mm Product Code: HY-002

Staff Hand Wash Only

Help maintain a hygienic workplace with the HY-002 Staff Hand Wash Only sign. Featuring a bold icon and easy-to-read text, this sign clearly identifies hand washing facilities designated for staff use and helps support proper hygiene procedures throughout the centre.

Size: 300mm x 150mm Product Code: HY-003

Wash Hands Before Food Preparation

Help promote a safe and hygienic food preparation environment with the HY-003 Wash Hands Before Food Preparation sign. Featuring a bold icon and easy-to-read text, this sign provides a clear visual reminder for staff to follow proper hand hygiene procedures before preparing meals, snacks or bottles.

✓ **CAN'T FIND WHAT YOU NEED?** We can design custom signs and labels to suit your exact requirements.
✓ **NEED A DIFFERENT SIZE?** Our signs can be produced in a range of sizes to suit your space. Just ask us for a quote.

SAFETY & ACCESS SERIES

Help create a safer Early Childhood Education environment with clear visual reminders that support restricted access, hazard management and everyday safety procedures.

Featuring highly visible icons and bold, easy-to-read text, these signs help staff, visitors and contractors quickly identify restricted areas, hazardous materials, staff-only zones and important safety requirements throughout the centre.

The Sticker Workshop Early Childhood Education Safety & Access System uses a consistent colour-coded design to create a professional and organised environment while supporting everyday safety, security and risk management practices.

Features:

- Clear, easy-to-read design
- Helps reinforce safety and access procedures
- Supports hazard identification and risk management
- Durable printed vinyl construction
- Suitable for staff areas, storage rooms, chemical storage, service areas and external access points

Size: 300mm x 135mm Product Code: CS-001

Chemical Storage

Help improve workplace safety with the CS-001 Chemical Storage sign. Featuring a bold icon and easy-to-read text, this sign clearly identifies areas designated for chemical storage and restricted access.

Size: 300mm x 135mm Product Code: CS-002

Keep Out Of Reach Of Children

Help protect children from potential hazards with the CS-002 Keep Out Of Reach Of Children sign. Featuring a bold icon and easy-to-read text, this sign provides a clear reminder to keep hazardous items securely stored.

Size: 300mm x 135mm Product Code: CS-003

Cleaning Supplies

Help keep cleaning products organised and easy to locate with the CS-003 Cleaning Supplies sign. Featuring a bold icon and easy-to-read text, this sign clearly identifies designated cleaning supply storage areas.

Size: 300mm x 135mm Product Code: CS-004

Staff Only

Help maintain a safe and secure environment with the CS-004 Staff Only sign. Featuring a bold icon and easy-to-read text, this sign clearly identifies areas restricted to authorised staff members.

Size: 300mm x 135mm Product Code: CS-005

Do Not Mix Chemicals

Help prevent dangerous chemical reactions with the CS-005 Do Not Mix Chemicals sign. Featuring a bold icon and easy-to-read text, this sign reminds staff to follow safe chemical handling procedures.

Size: 300mm x 135mm Product Code: CS-006

Potentially Hazardous Products Stored Here

Help identify areas containing potentially hazardous materials with the CS-006 warning sign. Featuring a bold icon and easy-to-read text, this sign encourages staff to maintain appropriate safety and security measures.

Size: 300mm x 135mm Product Code: CS-007

Strictly No Entry

Help control access to restricted areas with the CS-007 Strictly No Entry sign. Featuring a bold icon and easy-to-read text, this sign clearly communicates that entry is limited to authorised personnel only.

Size: 300mm x 135mm Product Code: CS-008

These Toilets Are For Children Only

Help maintain appropriate facility use with the CS-008 These Toilets Are For Children Only sign. Featuring a bold icon and easy-to-read text, this sign clearly identifies toilets designated for children.

Size: 300mm x 135mm Product Code: CS-009

Please Shut The Door

Help improve safety and security throughout the centre with the CS-009 Please Shut The Door sign. Featuring a bold icon and easy-to-read text, this sign reminds staff and visitors to keep doors closed when not in use.

Size: 300mm x 135mm Product Code: CS-010

Drive Carefully

Help improve safety in vehicle access areas with the CS-010 Drive Carefully sign. Featuring a bold icon and easy-to-read text, this sign reminds drivers to take extra care where children may be present.

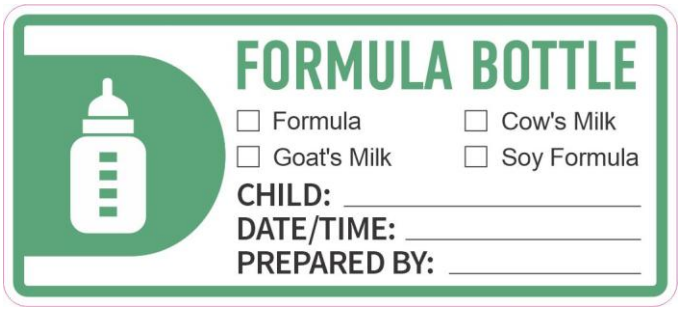

ECE LABEL SERIES

Designed for busy Early Childhood Education environments, our write-on removable labels help staff manage bottles, food storage, medication, bedding and daily hygiene procedures.

Printed on durable matte removable vinyl, designed to be written on with permanent marker or ballpoint pen, these labels provide a practical and organised solution for everyday Early Childhood Education operations.

Choose from our range of pre-designed label sheets or let us create custom labels tailored to your centre's exact requirements. All label sheets can be customised, resized and colour-matched to integrate seamlessly with your signage system.

Size: 90mm x 40mm Product Code: LS-001

Formula Bottle Labels

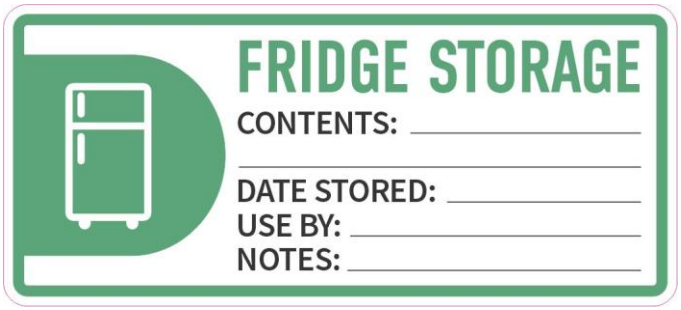

Help support safe bottle preparation and storage procedures with the LS-001 Formula Bottle Labels. Featuring a clear write-on design with milk type checkboxes and preparation details, these labels help staff accurately identify and manage formula bottles throughout the day.

Size: 90mm x 40mm Product Code: LS-002

Child Medication Labels

Help manage medication requirements safely and effectively with the LS-002 Child Medication Labels. Featuring a clear write-on design with space for child details, medication information and dosage times, these labels assist staff in supporting medication management procedures.

Size: 90mm x 40mm Product Code: LS-003

Fridge Storage Labels

Help maintain organised food storage and hygiene practices with the LS-003 Fridge Storage Labels. Featuring a clear write-on design with space for contents, storage dates and use-by information, these labels help staff identify and manage refrigerated items with confidence.

✓ **CAN'T FIND WHAT YOU NEED?** We can design custom signs and labels to suit your exact requirements.
✓ **NEED A DIFFERENT SIZE?** Our signs can be produced in a range of sizes to suit your space. Just ask us for a quote.
